*CCT allows me to make a meaningful impact for non-profits by utilizing my business skills. I receive as much, if not more than I give.*

On these projects, I get to meet amazing CCT volunteers and committed non-profit staff, both of whom inspire me in different ways.

— VALERIE GODHWANI

*CCT Volunteer since 2010*

*As a young professional, it's been a really great experience to learn from everyone on the team*

the type of roles they have and how they think through problems that I haven't seen before. It was a really good mentoring experience.

— HANNAH

*Project Manager  
Women's Foundation in Boston*
